

## **CLEAR CACHE**

### **ALL USERS**

1. On your computer, open Chrome.
2. At the top right, click the three vertical dots.
3. Select 'More Tools' from the dropdown menu.
4. Select 'Clear Browsing Data'.
5. Set time range to 'All time'.
6. Select checkboxes for "Cookies and other site data" and "Caches images and files".
7. Click 'Clear data'.

Please reach out to us at any time if this doesn't work, or with any other questions!
